## From The Principal's Desk

Govt. College Sangrah came into existence in the year 2006 and started functioning w.e.f. August, 2006. The college is affiliated to Himachal Pradesh University. This college is located in the lush green, picturesque, awe-inspiring and thrillingly beautiful slopes of the Mid-Shivalik Himalayas. The beautiful and peaceful surroundings, pleasantly cool weather create an ideal and very conducive environment for learning.

Since its inception, the college has strived forward in the field of academics, sports and co-curricular activities. The previous session 2020-21 also witnessed outstanding accomplishments in these diverse fields. The college has always aimed at providing multidimensional education to the students not only through classroom instructions in different courses of study, but education in its full scope leading to the enlightenment of intellectual as well as human dimensions of the students in a holistic manner. The college has constantly endeavoured to accomplish excellence in diverse areas such as academics, sports, NSS, Rovers & Rangers and other extra-curricular activities. Moreover, in the field of cultural activities, the college has made a name for itself. Our well-qualified, hard-working and dedicated teaching and non-teaching staff is committed to help the students in achieving their goals. The college takes special care of Divyang students and there are wheelchair ramps in the college campus for easy access and movement of said students. The classes of Divyang students are conducted, as far as possible, in the ground floor, keeping in view their convenience. Classrooms with technology-aided learning techniques, well-equipped computer room, Wi-Fi campus, library with ample number of books, magazines, journals, well set gymnasium with other sports facilities and well-equipped Music Room nurture and aid multifarious potentials and talents of the students. We aim at evolving students into knowledgeable individuals and worthy citizens with sound character.

At last, I urge my students and staff members to come together to march on the glorious path of intellectual and moral development and also on the equally grand path of service of the nation and humanity.

**Dr. Dev Raj Sharma**

## 6. Outline of CBCS

### (Courses of Study)

#### For Ist to IIIrd Year

#### Choice based credit system (CBCS)

The UGC has initiated several steps to bring equity, efficiency and academic excellence in National Higher Education System. It shifts in focus from teacher centric to student-Centric education. The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, need was felt to introduce uniform grading system in the entire higher education in India. This has benefitted the students to move across institutions within India and across countries. The uniform grading system also enables potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed :-

1. **Core Course:** A course, which should compulsorily be studied by the candidate as a core requirement is termed as core course.
2. **Elective Course:** Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline subject of study, which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

**Discipline Specific Elective (DSE) Course:** Elective course may be offered by the main discipline/subject of study, said course is referred to as a Discipline Specific Elective. The University/Institute may also offer discipline related Elective course of interdisciplinary nature (to be offered by the main discipline/subject of study).

**Generic Elective (GE) Course:** An elective course chosen generally from an unrelated discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

3. **Ability Enhancement Courses (AEC):** The Ability Enhancement (AE) Courses may be of two kinds; Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC). "AECC" courses are the courses based upon the content that leads to Knowledge Enhancement. These are mandatory for all disciplines; SEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

**Ability Enhancement Compulsory Courses (AECC):** Environmental Science, English Communication/ MIL Communication.

**Skill Enhancement Courses (SEC) :** These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge.

4. An Under graduate program degree in Humanities/ Social Sciences/ Commerce may be awarded if a student completes 4 core papers each in discipline of choice, two core papers one each on English and MIL, two Ability Enhancement Compulsory Courses (AECC), minimum four Skill Enhancement Courses (SEC), two papers each from a list of discipline specific elective paper based on the two disciplines of choice selected above respectively and two papers from the list of Generic Elective Papers.
5. An undergraduate Program degree in Science discipline may be awarded if a student completes 4 Core papers each in three disciplines of choice, 2 ability enhancement compulsory courses (AECC), minimum 4 skill Enhancement Compulsory Courses (SEC) and 2 papers each from a list of Discipline Specific Elective Papers based on three disciplines of choice selected above, respectively.

## 12. Evaluation Procedure

It has two components: 1. CCA or IA      2. ETE

### Continuous Comprehensive Assessment (CCA):

This would have the following components:

- i) **Classroom attendance** - Each student will have to attend a minimum of 75% Lectures/Tutorials/Practicals. A student having less than 75% attendance will not be allowed to appear in the End-Term Examination (ETE).

### Classroom Attendance Incentive (5 Marks):

> 75%	but	< 80%	1 Marks
> 80%	but	< 85%	2 Marks
> 85%	but	< 90%	3 Marks
> 90%	but	< 95%	4 Marks
> 95%			5 Marks

### Mid-Term (Minor Tests):

There will be Mid-Term Tests for 10 marks & Class Tests for 5 Marks for each course.

### Seminar/Assignment/Presentations:

10 marks of the CCA will be awarded on the basis of seminar/assignment/class tests/Quiz that the course teacher might give to the students.

### End-Term Examination (ETE) :

- a) The remaining 70% of the final grade of the student in a course will be on the basis of an End-Term Examination (ETE) that will be for three hours and will be covering the whole syllabus of the course in the month of March/April.
- b) A candidate who does not pass the ETE in any course (s) (or due to some reason is not able to appear in the ETE, other conditions being fulfilled, and so is considered as 'Fail") shall be permitted to appear in such failed course(s) ETE in the subsequent ETE to be held in the following October/November or (March/April) as the case may be.
- c) The registration for the ETE will be done at the time of enrolment for the course at the beginning of the Year. The fee for the ETE will also be collected at that time as decided by the University from time to time.
- d) If a student is not permitted to appear in the ETE due to Shortage of attendance beyond the exemption limit (<50% attendance) shall be deemed to have 'dropped' the course. However such candidate, on his/her written request to be made immediately, can be permitted to redo the missed year after completing the rest of the programme or whenever the course is offered subsequently. This redoing would mean complete course including CCA and ETE.

### Conversion Of Credit(s) Into Grade(s) :

The following illustrations could be taken as an example for computing SGPA and CGPA from credits for, degree Program courses in Science subject and degree Program courses in Humanities, Social Sciences and Commerce subjects:

#### Grades and Grade Points

Letter Grade	Grade Point
<b>O (Outstanding)</b>	<b>10</b>
<b>A+ (Excellent)</b>	<b>9</b>
<b>A (Very Good)</b>	<b>8</b>
<b>B+ (Good)</b>	<b>7</b>
<b>B (Above Average)</b>	<b>6</b>
<b>C (Average)</b>	<b>5</b>
<b>P (Pass)</b>	<b>4</b>

<b>F (Fail)</b>	<b>0</b>
<b>Ab (Absent)</b>	<b>0</b>

### **Illustration of Computation of SGPA and CGPA for B.A./B.Com/B.Sc. Course :**

According to Grade letter in the subject, Grade point in given SGPA obtained in a year can be calculated as:

**SGPA** = (Credit Point / Credit) where credit point = credit x Grade Point

CGPA is computed with the help of SGPA of all the three Years.

**CGPA** =  $44 \times (\text{SGPA Year I}) + 44 \times (\text{SGPA Year II}) + 44 \times (\text{SGPA Year III})$

### **For the Degree:**

- a) The candidate shall have to undergo the prescribed courses of study in a College affiliated to the H.P. University for a period of not less than three academic years and not more than five academic years, should have passed the examination prescribed and fulfilled such conditions as have been prescribed therefor i.e.
  - i) In End Term Exam a student is required to score at least 35% marks in a subject. However, the combined score of CCA and End Term Exam in that subject should be at least 40% to pass that subject. A student scoring less, shall be declared fail in that subject notwithstanding the fact that he / she has scored more than 35% in both CCA and End Term Exam Separately.
- b) For the degree (BA / B.Sc. / B.Com) the student will have to accumulate a minimum of 132 successful credit points of coursework over a minimum of three and maximum of five years from the date of admission.
